Report of The Superintendent of Schools

To the School Board of East Kingston :

The school year 1958-1959 opened with the following teaching staff :

Mrs. Clara Merrick, Grades 6-8
 Mrs. Margaret Tilton, Grades 4-5
 Mrs. Blanche Loch, Grades 1-3
 Mrs. Eleanor Henry, Music Teacher
 Miss Mary Shea, School Nurse
 Miss Gemma Jean, Assistant Nurse

Miss Gemma Jean of Epping was elected as assistant nurse to work with Miss Shea in Supervisory Union No. 16.

This staff is experienced, well trained and competent and is working diligently for the best interests of the boys and girls of East Kingston. The district is extremely fortunate to have this group of capable teachers in this period of teacher shortage.

The enrollment at the present time is as follows :

Mrs. Loch's Rm.	Mrs. Tilton's Rm.	Mrs. Merrick's Rm.
Grade 1 10	Grade 4 9	Grade 6 8
Grade 2 14	Grade 5 16	Grade 7 12
Grade 3 10		Grade 8 11
34	25	31

The Exeter School District will vote again on an addition to the new high school building. If approved, this will provide space so that the area districts may send their pupils to this school.

The best solution to East Kingstons' enrollment problems would seem to be that of sending the seventh and the eighth grade students to Exeter as soon as space is available. Those who chose to attend school there for the high school grades would have that opportunity. This would result in each of the three teachers in East Kingston having two grades in a room with a reasonable number of children to teach.

In 1958, East Kingston, Exeter, Kensington and Newfields voted in favor of a Helping Teacher or assistant to the superintendent for the school year 1959-1960. Greenland and Stratham will vote again on this item this year. If either district votes in favor, a Helping Teacher will be provided for the Union. The law states that it is necessary to have districts representing 85% of the students in the supervisory union vote favorably to put it into effect. The vote of the four districts which have already approved represents 82% of the pupils. For this reason, the district's share of the cost of the Helping Teacher is included in the budget.

The need for a class for children with limited ability has become increasingly acute. Last year the Rockingham Association for Retarded Children requested the Exeter School Board to provide a class for such children. In the fall of 1958 the Exeter Board voted to establish a class for retarded children at the elementary level for 1959-1960 preferably on a supervisory union basis in order to give the smaller districts a chance to participate. It adopted the following eligibility rules for the pupils in the class:

1. At least two years of retardation as evidenced by results on achievement tests and teacher evaluation.
2. An Intelligence Quotient of between 75-50.
3. A grade range from Grades 2-6.
4. Must be capable of benefitting educationally by this kind of instruction.
5. Parental approval will be required.

Each school district is being given an opportunity to vote on this question through a special article in the warrant. The size of such a class would be limited to fifteen pupils and on a union basis, each of the smaller districts would have at least one pupil and Exeter would have from eight to ten pupils. The estimated cost of the class is \$7,000 for the first year. The Directors of the Nelson Fund of Christ's Church, Exeter, have voted \$2,000 to help defray the expenses of the program which leaves a total of \$5,000 to be pro-rated by the Supervisory Union.

We are grateful to the P.T.A. for its continued support of the educational needs of the schools.

I call your attention to the reports of the school nurse and the music teacher and to the tables which follow.

I wish to express my appreciation to the citizens, to the members of the School Board and to the teachers for their excellent support and cooperation.

Respectfully submitted,

RAYMOND A. HOYT

Report of The Music Supervisor

To the Superintendent of Schools:

Following is the report of the Music Supervisor for the year 1958:

We are fortunate to be living during a period when so much good music of all types is available to us. The music of today not only gives endless pleasure to millions, but also serves as a means of releasing tensions.

The music program in the school is set up with the purpose of giving to the pupils experiences with as many types of good music as possible. Thus, it is hoped that from these musical experiences the school children will learn to know and to love really good music, so that they may benefit from it throughout their lives.

The modern music books for the schools contain much more interesting material than did those of the past, for all music educators realize that obtaining and holding a pupil's interest is the first objective of the music teacher.

Record players are available in all of the schools, and if good records are played frequently, much can be done with music appreciation.

Ear-training, rhythmic activities, rhythm band, work with tonettes, singing games, action songs, folk and square dances, learning the fundamentals of music, note reading and singing in unison and parts are all included in the music program.

In May, the pupils of the Pound School presented, for their parents, a short Memorial Day operetta, "Betsy Ross and the Flag."

The graduation exercises, in June, included special graduation music and the operetta, "HMS Pinafore," directed by Mrs. Merrick.

To celebrate Christmas, the fourth and fifth grade pupils, under the direction of Mrs. Tilton presented for their parents a Christmas play, and "The Story of the First Christmas" in music.

For the parents of the upper grade students, Mrs. Merrick prepared and presented the pupils in the sixth, seventh and eighth grades in a Christmas operetta, "Old Crosspatch."

In closing, I wish to thank Mr. Hoyt, the members of the East Kingston School Board, the P.T.A., the teachers, Mrs. Loch, Mrs. Tilton and Mrs. Merrick, and the parents for their cooperation.

Respectfully submitted,

ELEANOR HENRY

School Health Report

To the Superintendent of Schools:

School health services comprise those procedures designed to determine the health status of the child, to enlist the child's interest in protecting and safeguarding his health, to help parents understand their children's health needs, and to take the necessary steps to provide suitable treatment for disease and the correction of physical defects.

The school nurse can, within the scope of her ability, make a general survey of a child's health needs. We have, in the past, done our best to discover such physical defects as loss of hearing and vision, poor teeth and bad tonsils. But these consist of just parts of a child. School health should deal with the whole child and the best way to do this is thru a thorough physical examination by a school doctor with the parent present if possible. The cost is very reasonable and the returns great. "Gold that buys health can never be ill spent."

The East Kingston School Board and the citizens who voted for it are to be congratulated on providing a school physician. Now, if we could only help the child with emotional problems we would be doing much. "A sound mind in a sound body is a short but full description of a happy state in this world. He that has these two has little more to wish for; and he that wants either of them will be little the better for anything else." In these days of Sputniks and Space-men, we must give more thought to the health of our children for not only is health the basis of the individual's well-being but, as Disraeli remarked, it is the foundation of the people's power as a state.

Since the advent of the second school nurse in September, 1958, more follow up work on the correction of defects can be done, more home visits can and have been made, more conferences with parents have taken place.

Health appraisal forms have gone out to each child's parent. We need this to better understand the child with a health problem, to make adjustments in his program if necessary, and to obtain remedial or corrective services where possible.

Last spring there was a mass clinic for all the younger children in school to bring them up to date on their "preventive shots". Patch tests were done on children in the even grades. We hope to repeat this during the coming Spring. Parents should take advantage of this service.

The School Board, teachers, and community as a whole have been very helpful to the nurses in carrying out their duties and we are very grateful for this help.

Respectfully submitted,
